Broke Her Leg Six Times. A little Brooklyn girl, Mary Smith, aged eight years, is suffering severely from a series of mishaps to a broken leg. About four weeks ago the child broke one of her legs between the knee and the ankle. The limb was set. While attempting to get out of bed, two weeks after that, Mary fell and again broke her leg. Strange to say, five times in succession she met with a similar mishap. Dr. Mead of St. Mary's hospital examined the child on Tuesday last and found the limb in a very bad condition. After resetting the doctor notified the society for the prevention of cruelty to children, which will have the child cared for.

The Kniffin Grand Jury. The Kniffin grand jury met yesterday and examined several witnesses, but as the examination was carried on with closed doors, nothing can be learned as to the testimony given. It is expected that it will be several days before a decision is rendered.

Theodore Parker's Church Burned. The old Unitarian church, the house of worship of the first congregational parish of West Roxbury, Mass., situated on South Center and Church streets, in the West Roxbury ward, was practically destroyed by an incendiary fire about 2:30 o'clock this morning. It was an historic edifice, having for more than a century been the church home of a wealthy and cultivated people. It was erected in 1773, was in the best of repair and was a cherished landmark in the eyes of those hving in the vicinity. Its people took prominent part in all the great upheavals of the country from the revolutionary war, when it organized troops and paid their expenses from the opening to the close of the great struggle. It was active in patriotism in 1812 and again in 1860. Theodore Parker was pastor from 1837 to 1846.
